Re: AP Test Fee Grant

For the school year of 2018-2019, Lawrence High School was selected to participate in a pilot program in regards to AP test fees in the Spring 2019. This pilot program's mission is to look at the differences in test taking patterns of a student dependent on a family's income. They are looking at what may be a hindrance in a student taking an exam. Schools were selected by number of factors and Lawrence's family demographics were a match to the program.

Students receiving free or reduced lunch will still be eligible for the discount as they have in years past. Their fee will be \$53. In addition all students who are not eligible for free or reduced lunch at our school will also receive a \$20 discount due to the pilot program, making their exams \$74.

There are no requirements in order for your student to receive the discount.

Please feel free to contact Marissa Deku, AP Coordinator at [mdeku@msad49.org](mailto:mdeku@msad49.org) or 453-4200 x2268 with any questions about this program.
